### Annual Program Review Update Form - Spring 2010

I. General Information	Date:	23-May-10
Program/Department:	Philosophy	
Authors of Report:	Cynthia Kaufman	

#### **II. Status Since Previous Program Review**

What significant changes have occurred since the last complete program review? Were those changes based on SLO assessments? How have these changes affected your program? You may also address how these changes affect the following: strategic initiatives, "main areas for improvement", mission statements, or physical/organizational restructuring.

We have two relatively new full time faculty members. These members have been actively involved in our division's equity efforts and the SLO process.

**SLOAC** means: a complete SLO Assessment Cycle includes writing an SLO, assessing the SLO and the assessment reflection and enhancement phase.

**SLOAC Discussion and Analysis:** Summarize the discussions and analyses of your program/departments' SLOAC results. The discussions and analyses need not be limited to the information shown in Sections I and II above.

The majority of our department participated in a discussion on opening day Fall 2009 and developed SLOs for all of our classes. After that a group of 3 full time faculty members has met several times to develop the full SLOAS process for three classes and to plan for the completion of the entire SLO process.

#### Suggestions for the SLOAC Discussion & Analysis:

Detailed data supporting some or all of the statistics shown above.

Patterns that emerge or are confirmed when SLO data are viewed, either alone or in combination with other data (such as student ESL placement test results) at the program level.

What your goals were for any of the percentages above, and whether you achieved that goal.

Evidence of value derived from the SLOAC process within your program.

Some of the challenges your faculty continue to face in attempting to hit your program goals with respect to SLOs.

If enhancements/improvements to your program can be implemented within the division's currently existing structures and allocated resources, then consider this update form complete and submit to your division dean. If enhancements/improvements are identified that require ADDITIONAL resources through the Instructional Planning and Budgeting process, then complete Section IV. (see next page).
