

Welcome to De Anza's Early Alert

Early Alert provides a convenient way to communicate with your students – referring or raising a student concern and notifying the people on campus who can provide just-in-time-intervention – before the student gets too far into the term and is in danger of failing. Faculty can also give kudos to motivate, encourage, and praise students who are doing well.

Raising a Concern or Kudo

1. Log in to MyPortal
2. Click on the Early Alert App under Faculty
The Early Alert Welcome screen will appear.
3. If you do not wish to see this screen every time you log in, uncheck the "Show this screen next time" box at the bottom right-hand corner.
4. Click "Continue"
The Early Alert Referral Form will appear.
5. Select a course from the Course Number drop down list.
A roster of all students in your class appears
6. Select the student you would like to raise a Concern or Kudo by checking the box to the left of the student's name.
7. Click "OK"
The student's name, ID, phone number and email will automatically populate.

8. Select **one** Concern or Kudo you would like to raise for the student
9. Optional: Include a note to the student. This will appear within the email sent to the student.
10. Optional: Include a private note to the program/service. This will NOT be visible to the student.
11. Click "Submit" when you are finished.
The concern you selected will be raised for your student, sending a message to the student and program/service.
12. Click "View" at the bottom of the page to see the alerts you have raised and confirm that they have been sent.

Faculty will receive an email once the program/service meets with the student.
