**Q7: If you had any technical issue that interfered with your participation or joining any of the Welcome Day sessions, what was it?**

**Answered: 83   Skipped: 90**

Wifi was not connecting on my laptop, so I switched to phone, technical difficulties on my end

I didn't have any technical issues, just that I wanted to join more than one session at a time since I didn't know which one to choose.

## Q8: What did you like most about Welcome Day?

Answered: 124   Skipped: 49

I liked that we get to ask faculty members questions regarding our major

Faculty (and) staff were helpful and friendly

... I got to know my professor a bit better before classes started.

It was fun!

## Q9: Was there anything that you didn't like, or didn't find especially helpful?

Answered: 99 Skipped: 74

I found it all pretty helpful

Wish it was in person

I wish there was a little bit more time, but I was jumping through different villages to be able to meet professors for this quarter and possibly ones for the future quarters

Most of the sessions happened at the same time. It is hard to participate in all the sessions that I hoped to join.

## Q10: Do you have any suggestions for improving the next Welcome Day event?

Answered: 98 Skipped: 75

Having student speakers as well

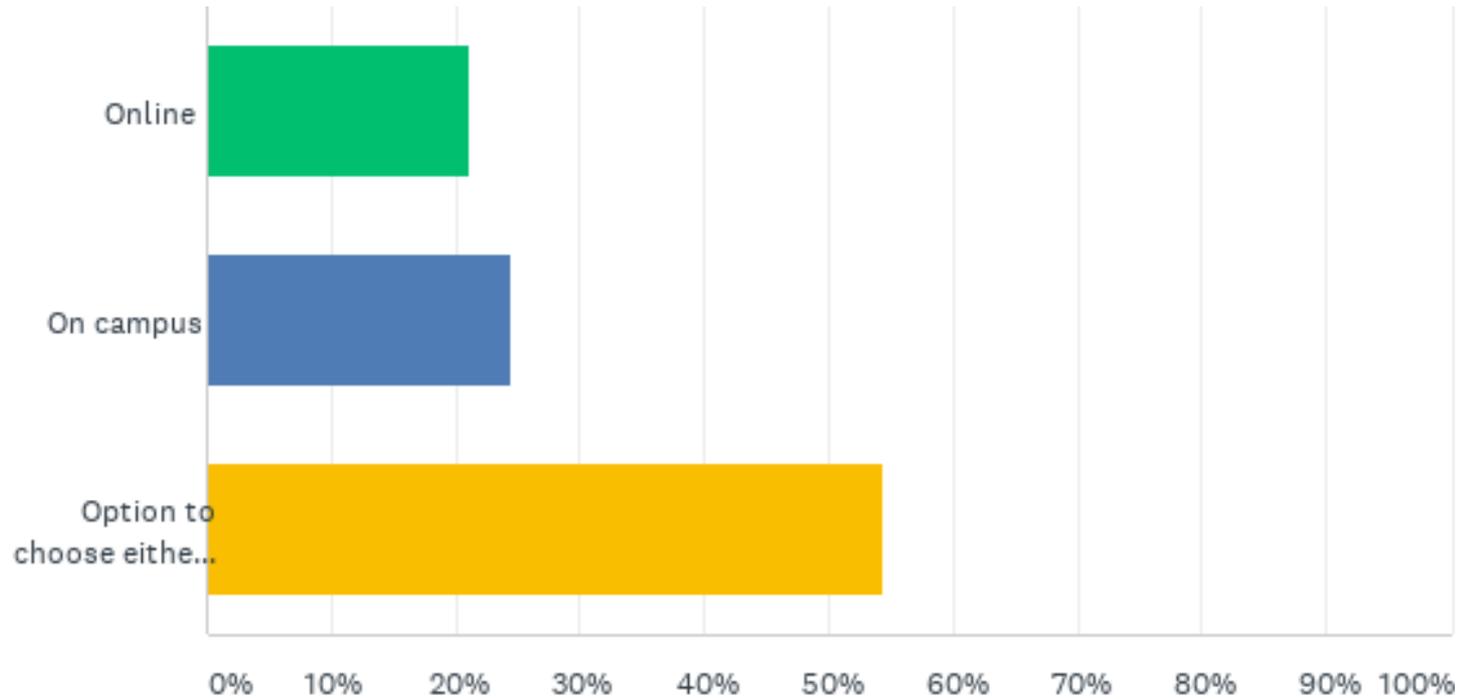

Extending the time frames

please schedule department zooms so they are not running concurrently with village zooms and allow access to Canvas pages after welcome day, or add notice that access will disappear after a given time.

Maybe stagger some of the other meetings that were happening at the same time. There were some things I was interested in but didn't get the chance to attend the meetings because another meeting was happening at the same time.
