

Math 1A De Anza College, Cupertino. Quarter- Fall 2022

Course: Math – D001A33Z – Calculus 1 CRN # 01484
Time: TTh, 4:00 p.m. to 6:15 p.m. Room – online

Prerequisite: Math 41,42.

Texts and (1) Calculus Early Transcendentals, 9th Edition. Author: James Stewart

Equipment: (2) Graphing Calculator. TI-83 plus/ TI 84 plus Calculator.

Instructor: H. K. SHAH. Email: shahhemendra@fhda.edu

Office hours: TTh, 6:15 to 6:45 pm

Web Assign course name: Calculus 1, Math 1A, Fall 2022. HKSHAH, De Anza College.

Attendance: Students are expected to attend all class meetings without tardy. Student with three recorded absences may be dropped from the course. If student decides to drop the course, it is his/her responsibility to drop the course. Student disappearing get F grade. There are 20 points for attendance, for each absence 5 points will be deducted.

Student Learning Outcome (SLO) statement: (1) Analyze and synthesize the concepts of limits, continuity, and differentiation from a graphical, numerical, analytical, and verbal approach, using correct notation and mathematical precision. (2) Evaluate the behavior of graphs in the context of limits, continuity, and differentiability. (3) Recognize, diagnose, and decide on the appropriate method for solving applied real-world problems in optimization, related rates, and numerical approximation.

Course Objectives: I shall cover chapters 2 to 4, and partially chapter 10. Chapter 1 covers the topics students already have studied in Pre-Calculus. I assigned homework of chapter 1 for your review. New topics we are going to cover are Limits and Continuity, Differentiation, applications of Differentiation, antiderivatives, and parametric equations. It is an intensive course, needing 6 to 8 hours of study time per week outside the class. We are going to use TI-83/84 plus graphing calculator intensively.

Homework: Students will do homework on internet using Enhanced Web Assign program at web address www.webassign.net/cengage . You need to get the access code when you buy the book. Web Assign course name and class key are written above. You need class key when you create your account. Late homework will not be accepted for grading purpose.

Examinations: There will be three midterm tests, each of one hour, and three quizzes each of 25-30 minutes. There will be no make-ups for missed exams/final or quizzes. If only one test is missed due to unavoidable circumstance, and the instructor is notified in advance or quickly; the final exam percent will be replaced for missed test percent. If you are not absenting in any exam, the final exam percent will replace your lowest exam score (if it helps), provided your final exam score is at least 85/130. A comprehensive final examination of two hours will be given on Wednesday, December 15, 2021, during 4:00 to 6:15 pm in our classroom. Students absent in the final exam will get F grade. *All students need to save corrected returned papers of quizzes and midterm exams. I may need it in unusual situation (applicable for face to face teaching only).*

Disruptive behavior: De Anza College will enforce all policies and procedures set forth in the *Standards of Students Conduct* (refer catalogue). Any student disrupting a class may be asked to leave that class. Administrative follow-up may result. **Cell phone is not allowed during all the examinations.**

Academic Integrity: It is assumed that all students will pursue their studies with integrity and honesty; however, all students should know that incidents of academic dishonesty like cheating and plagiarism are taken very seriously. Students involved in cheating will be dropped and get F for the course. Further disciplinary action by administration will follow.
