COURSE: Math 1A-62Z CRN 27487 QUARTER: Fall 2023
Online Asynchronous INSTRUCTOR: Millia Ison
ZOOM OFFICE HOUR: TuTh 4:30-6:10 pm. Link: https://fhda-edu.zoom.us/j/95244405559
EMAIL: isonmillia@fhda.edu OFFICE NUMBER: S76e OFFICE PHONE: 864-5659
COURSE PREREQUISITES: Math 32, or equivalent course with a grade " C " or better.
TEXT: Calculus: Early Transcendentals, by James Stewart, 9th edition.
ENROLL WEB ASSIGN: Log into your Canvas account, In Module, Click WebAssign Sign in to continue the registration process. Your Cengage course materials will open in a new tab or window, so be sure pop-ups are enabled. Homework, quizzes and exams are on Web Assign. EQUIPMENT: A graphic calculator or computer with graph capability is required.

## GRADING:

Homework ----160 points
Quizzes ----------80 points
3 midterms --- 150 points
Final exam ---- 110 points
Total ----------- 500 points

$$
\left\lvert\, \begin{aligned}
& \mathrm{A}: \geq 93 \%, 465-500 \mathrm{pts} \\
& \mathrm{~A}-: 90 \%-92 \%, 450-464 \mathrm{pts} \\
& \mathrm{~B}+: 87 \%-89 \%, 435-449 \mathrm{pts} \\
& \mathrm{~B}: 83 \%-86 \%, 415-434 \mathrm{pts} \\
& \mathrm{~B}-: 80 \%-82 \%, 400-414 \mathrm{pts}
\end{aligned}\right.
$$

$$
\left\lvert\, \begin{aligned}
& \mathrm{C}+: ~ 76 \%-79 \%, 380-399 \mathrm{pts} \\
& \mathrm{C}: 70 \%-75 \%, 350-379 \mathrm{pts} \\
& \mathrm{D}: \\
& \mathrm{F}: \\
& \mathrm{F}: \\
& \hline
\end{aligned}\right.
$$

HOMEWORK POINTS: You need to do your homework on a regular bases. However all homework is due on December 12. Total points on WebAssign is 1470 (subject to change). Out which, 1430 points is required (subject to change). If you have 1430, you earn 160 points (full credit) toward your grade. If you have total of 1460 , then $1460 / 14301.02$, that is $102 \%$, $102 \% \times 160=163$, you have 163 points for homework, which is 3 points extra. The total amount of the extra credit will be decided after the final exam.

You need to install the "Lockdown Browser" on webAssign when you start the first quiz. Lockdown browser is required for all quizzes and exams. Alternative is to schedule a time to take on campus.
QUIZZES: 5 points each. 2 quizzes each week, due Sundays 11:59 pm, available 6 days before due. You need to finish quizzes on or before Fridays. Consider weekends are the extension if you have issues to do quizzes during week days. NO EXTENSION under any circumstances beyond the deadline on WebAssign. If a deadline is missed, you get 0 for the quiz. There are 16 quizzes this quarter. 3 lowest scores will be dropped.

EXAMS: 50 points each. 6:30-7:30 pm. Dates are also listed on the calendar next page. No makeup midterm exams. 0 point for missed exam. For unusual circumstances, you must contact me before or on the exam day. The percentage of your final exam score multiply by 50 will replace the exam score.

FINAL EXAM: 110 points. Wednesday, Dec. 13, 6:30-8:30 pm. Doing Final Exam Review is optional. Fail to take the final exam, you will receive "F" for your grade. Exams and quizzes are to test your understanding of mathematics concepts and homework assignments. Cheating of any form on quizzes, midterm exams or final exam will be grounds for disciplinary action.

IMPORTANT DATES: Sunday, Oct. 8 --- Last day to drop without grade on your record. Friday, Nov. 17 --- Last day to drop with a "W".
Student is responsible to withdraw from the class. The last day for you to withdraw is Nov. 17. After that day, you will receive a grade.

Text: Stewart ${ }^{\text {4h }}$ edition

## Student Learning Outcome(s):

- Analyze and synthesize the concepts of limits, continuity, and differentiation from a graphical, numerical, analytical and verbal approach, using correct notation and mathematical precision.
- Evaluate the behavior of graphs in the context of limits, continuity and differentiability.
- Recognize, diagnose, and decide on the appropriate method for solving applied real world problems in optimization, related rates and numerical approximation.

Office Hours:
