

SLO Core Team Meeting Notes

~~Veronica Avila (PDL), Karen Chow, Mae Lee, Mallory Newell, Mary Pape, Dawn Lee~~

Tuesday, November 1, 2022; 12:30 – 1:20 pm on Zoom

TOPIC	Purpose	LEADER	Notes
Minutes October 2023	I/D/A	All	Minutes for October 2022 were approved
Standard IB	I/D/A	Mallory	Standard I Template.docx Course level Student Learning Outcome statements are now part of the curriculum approval workflow in eLumen meaning that the SLO coordinator will have the opportunity to give feedback on CSLOs to the initiator of the course. AUO Program Review template will be created. Mary will provide a Microsoft form for collection of data. Mary will connect with SSPBT to understand where those areas are in terms of assessing their Student Services Learning Outcomes.
Workshop #2:	I/D/A	Mallory	Mallory has developed the presentation. Mary will review and augment. Workshop #2: Using Data to Infor Student learning Outcomes Thursday, November 17th, 1 – 2 PM Description Learn how to interpret disproportionate impacts in your course and strategies on how to address them. Activities

			With RSVP registration Mallory will be able to prepare the % of success for underrepresented groups for each participant by class section.
Workshop #3:	I/D	All	<p>Workshop #3: Mission Statements and Alignment with College Goals, Friday December 2nd, 2 – 3 PM</p> <p><i>Description</i> Ideally departments should be aligning learning outcomes to program's mission statement. Does your program/area have a mission statement? Are learning outcomes aligned to the mission? Is the mission aligned to college goals? This webinar will focus on the importance of alignment between course outcomes and the mission of your program as well as the college mission as part of the ongoing assessment cycle to improve teaching and learning.</p> <p><i>Activities</i> Perhaps a Word Cloud</p>
Future Plans	I/D	All	<ul style="list-style-type: none"> • TILT for Higher Education could be a good source of information to share • Calendaring the 2023 Convocation is on hold until more is known about Partners in Learning but we should consider how the ISLOs continue to be assessed • SSLO/AUO Assessment need to be more visible

SLO Core Team Meeting Notes

~~Veronica Avila (PDL), Karen Chow, Mae Lee, Mallory Newell, Mary Pape, Dawn Lee~~

Tuesday, November 8, 2022; 12:30 – 1:20 pm on Zoom

Zoom:

TOPIC	Purpose	LEADER	Notes
Accreditation	D	All	Standard I Template.docx SLO Core Team is to add to Standard I.B.3. and II.A.
Meaningful Assessment Fall 2023 Workshops	D	Mallory	Workshop #2: Link to Presentation RSVP Reg Form (shareable link) Registrations spreadsheet Workshop #2: Using Data to Infor Student learning Outcomes Thursday, November 17th, 1 – 2 PM Description Learn how to interpret disproportionate impacts in your course and strategies on how to address them. Activities With RSVP registration Mallory will be able to prepare the % of success for underrepresented groups for each participant by class section.
Jarek Janio Friday SLO Talk	D	Mary	Los Angeles City College presented on “Making Student Learning Visible” making use of Augmented, Virtual, and Mixed Reality. One software some faculty had used to make 3-D models was Blender. Typical learning is in 2D but Generation Alpha will appreciate 3D. When learning takes place in

			<p>3D it is being learned in the context that it will be used. Students are always also given the 2D version to ensure equitable outcomes.</p> <p>Dr. Joseph D. Levy, National Louis University, believes in flexibility when it comes to the manner that assessment work is recorded.</p>
Workshop #3	D	All	<p>Workshop #3: Mission Statements and Alignment with College Goals, Friday December 2nd, 2 – 3 PM</p> <p><i>Description</i> Ideally departments should be aligning learning outcomes to program's mission statement. Does your program/area have a mission statement? Are learning outcomes aligned to the mission? Is the mission aligned to college goals? This webinar will focus on the importance of alignment between course outcomes and the mission of your program as well as the college mission as part of the ongoing assessment cycle to improve teaching and learning.</p> <p><i>Activities</i> Perhaps a Word Cloud</p>
Winter 2023		All	<p>The decision is that there will be Partners in Learning hosted by Guided Pathways. but no SLO 2023 Convocation. Partners in Learning will focus on assisting all faculty and classified staff in knowing about all the resources provided to students. The general framework will be panel discussions. Guided Pathways host.</p> <p>Thus, SLO Core Team will continue offering series of workshops to facilitate continuous improvement through the SLO process. Considering the mapping work that needs to be accomplished on a “per department” basis in order to facilitate assessment of PLOs and ISLOs indirectly within eLumen, the workshop way of getting work done will prove advantageous.</p> <p>Report out on SSLO Assessments will be embedded in the CAS Standard reports. CAS Standards create a culture of assessment. The question continually asked is “What is the effect of our work on students?”</p> <p>AUO will continue with assessment using an adapted instructional form.</p>
